METALS FABRICATION

hio's iron and steel manufacturing began in the eastern and southern counties of the state 200-plus years ago utilizing local ore and energy resources and the mighty Ohio River for transport. Today, those counties make up the Ohio Southeast region, which boasts more than 178 businesses in the metals sector and relies on a **skilled** workforce, **abundant low-cost** energy and the powerful Ohio River.

The OhioSE metals manufacturing subsectors includes primary metals, fabricated products, and machinery and represents approximately 20% of the region's manufacturing workforce.

- ▶ Available Workforce: The region had a net commuter outflow of 35,359 goods producing workers as of 2017.
- Skilled Workforce: In 2018, the OhioSE region produced nearly 600 graduates in 23 programs.
- ▶ Metals Specialization: Over 7,000 employees, a concentration 43% higher than the national average.

ABOUT OHIOSE

Ohio Southeast Economic Development (OhioSE) is the JobsOhio Network Partner for southern, eastern, and southeastern Ohio, providing economic development services and resources in 25 rural counties.

How we help

- A single point of contact
- Site selection assistance
- Regional data and research
- Connections to key partners
- Incentives
- Talent assistance

WHY OHIO SOUTHEAST

Southeast Ohio is connected through major US interstate, four lane quality highways.

355 miles of shoreline border our region with access to five major terminals on the Ohio River Inland Waterway.

Rail service includes Norfolk Southern, CSX Transportation, local and regional railroads.

Workforce is committed to family and staying in their multi-generational communities.

Southeastern Ohio is the Choice

"We have a great advantage being located in Southeast Ohio. Our potential workforce has great technical skills starting on day one and are motivated to learn more every day. We also have most of our outsourced aerospace special process needs met within a 2 hour drive."

DAN ERB JONES METAL

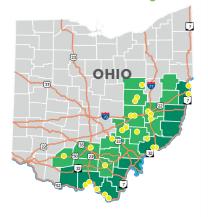

RECENT INVESTMENTS

AMG Vanadium, the world's leading provider of resid spent catalyst recycling and metal reclamation services, purchased a site for its second spent catalyst recycling facility in Muskingum County.

KEY REGIONAL ASSETS

- ▶ Ohio has nine foreign trade zones and is the only state in the Midwest with direct shipping routes to Europe for both container and heavy goods.
- ▶ Our taxes, wage rates, and utility costs are below national and regional averages. Ohio taxes are some of the most favorable in the USA for manufacturing or any business selling goods and services outside of Ohio.
- In 2021, the Tax Foundation ranked Ohio 4th most favorable for capital-intensive manufacturers for mature firms and 3rd for capital-intensive manufacturing for new firms.

Major Metal Fabricators in the Ohio Southeast Region

Fast Facts

- ▶ Ohio is #1 in forging and roll forming
- ▶ Ohio is #2 in primary metal manufacturing employment
- Dhio is #3 in fabricated metal product manufacturing employment
- Taxes, wage rates, and utility costs below national and regional averages
- ▶ Ohio is the 3rd largest state measured by manufacturing output
